

Beaconhouse Clifton Campus – IB World School

Admission Process

Registration

The Parent Relations Officer will assist parents in filling out the registration form. He/she will also register the child through the Process Manager. A Registration/ System ID will be generated and entered in the form.

Admission

An admission test date is given to the parent once the registration process is complete.

For Primary grades:

When the students submit an application to enroll in the school, they sit for an entrance assessment in English, Urdu and Math. The evaluation of the student's oral and written responses, consists of questions relating to basic skills and competencies in language and mathematical concepts. The student's performance is reviewed and assessed in line with prior determined criteria according to the grade level.

For Early Years

A reception assessment includes an observation evaluation of the child's social, emotional, and physical maturity.

For age 5+, it also includes a test of basic academic skills.

Guidelines about the admission test is be shared with parents at least one week prior to the admission test. Parents will then be informed of the results irrespective of whether the child has cleared the test or not.

Interview

Interview is conducted with the parents and the child by the Branch Head .
